

# HUDSONVILLE PUBLIC SCHOOLS ELEMENTARY COURSE FRAMEWORK

**COURSE/SUBJECT**

**Kindergarten Math**

<b>UNIT PACING</b> Names of units and approximate pacing	<b>LEARNING TARGETS</b> Students will be able to...	<b>STANDARD</b> Which Common Core standards does this address?	<b>ASSESSMENTS</b> Which assessments are given to determine student growth?
Math Expressions Common Core  Unit 1: Understand Numbers 1-10  <i>September/October</i>	<ul style="list-style-type: none"> <li>• I can count to 100 by ones and by tens.</li> <li>• I can count forward beginning from a number other than one.</li> <li>• I can write numbers 0 to 20.</li> <li>• I can show “how many” a number from 0 to 20 represents.</li> <li>• I can count objects in the correct order without counting any object more than once.</li> <li>• I can say “how many” objects are in a group by counting all the objects.</li> <li>• I can count to find the total up to 20 when objects are in a line, rectangular array, circle or up to 10 objects in a scattered group.</li> <li>• I can count out a given number of objects up to 20.</li> <li>• I can tell whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group by matching or counting.</li> <li>• I can show addition and subtraction with objects, fingers, acting out situations, drawings, explaining with my words, expressions or equations.</li> <li>• I can solve addition and subtraction word problems using objects and drawings.</li> <li>• I can add and subtract within 10 using objects or drawings.</li> <li>• I can describe objects in my environment using shape names.</li> <li>• I can find, name and describe the position of shapes in my environment using words like above, below, beside, in front of, behind, and next to.</li> <li>• I can name shapes in various positions or sizes.</li> <li>• I can name two-dimensional (“flat”) and three-dimensional (“solid”) shapes.</li> <li>• I can sort two-dimensional and three-dimensional shapes into groups based on their attributes. (e.g., number of sides and corners, or having sides of equal length).</li> <li>• I can classify objects into categories.</li> <li>• I can say “how many” objects are in a category up to 10.</li> <li>• I can sort categories by the number of objects in each group up to 10.</li> </ul>	K.CC.1 K.CC.2 K.CC.3 K.CC.4a K.CC.4b K.CC.5 K.CC.6 K.OA.1 K.OA.2 K.G.1 K.G.2 K.G.3 K.G.4 K.G.5 K.MD.3	Unit 1 Quick Quizzes  Unit 1 Assessment

<p>Math Expressions Common Core</p> <p>Unit 2: 5-Groups in Numbers 6-10</p> <p><i>November/December</i></p>	<ul style="list-style-type: none"> <li>• I can count to 100 by ones and by tens.</li> <li>• I can count forward beginning from a number other than one.</li> <li>• I can write numbers 0 to 20.</li> <li>• I can show “how many” a number from 0 to 20 represents.</li> <li>• I can count objects in the correct order without counting any object more than once.</li> <li>• I can say “how many” objects are in a group by counting all the objects.</li> <li>• I can tell that each number is one more than the number before it.</li> <li>• I can count to find the total up to 20 when objects are in a line, rectangular array, circle or up to 10 objects in a scattered group.</li> <li>• I can count out a given number of objects up to 20.</li> <li>• I can tell whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group by matching or counting.</li> <li>• I can compare two numbers between 1 and 10 when I see them as written numerals.</li> <li>• I can show addition and subtraction with objects, fingers, acting out situations, drawings, explaining with my words, expressions or equations.</li> <li>• I can solve addition and subtraction word problems using objects and drawings.</li> <li>• I can add and subtract within 10 using objects or drawings.</li> <li>• I can show and record partners of numbers less than or equal to 10 in more than one way (e.g., <math>5 = 2 + 3</math> and <math>5 = 4 + 1</math>).</li> <li>• I can make partners of 10 using objects or drawings, and record the answer with a drawing or equation.</li> <li>• I can add and subtract numbers within 5 fluently.</li> <li>• I can classify objects into categories.</li> <li>• I can say “how many” objects are in a category up to 10.</li> <li>• I can sort categories by the number of objects in each group up to 10.</li> <li>• I can describe objects in my environment using shape names.</li> <li>• I can find, name and describe the position of shapes in my environment using words like above, below, beside, in front of, behind, and next to.</li> <li>• I can name shapes in various positions or sizes.</li> <li>• I can name two-dimensional (“flat”) and three-dimensional (“solid”) shapes.</li> </ul>	<p>K.CC.1 K.CC.2 K.CC.3 K.CC.4a K.CC.4b K.CC.4c K.CC.5 K.CC.6 K.CC.7 K.OA.1 K.OA.2 K.OA.3 K.OA.4 K.OA.5 K.MD.3 K.G.1 K.G.2 K.G.4</p>	<p>Unit 2 Quick Quizzes</p> <p>Unit 2 Assessment</p>
